

Overview

Dual purpose can be used as a regular kitchen fixture or taken to a remote event, providing extra serving space for preparing food, plating up or setting up buffets. It takes just 30 seconds to fold and 30 seconds to erect. Simply fold out the legs and clip in the undershelf. A range of wall benches and centre tables designed for rigorous use. Unrivalled in quality with a specially designed triple laminate composite. Offering an internally dampened work top more than twice the thickness of a traditional table. The combined overall thickness of the complete work top is 3.5mm. When erected this unit has the stability of a standard table. All units 600mm deep and 850mm high.

Top Layer

Work Surface 1.2mm thick, 304 type Stainless Steel.

Key Features:

- Delivered folded flat, easy to erect
- No tools required
- Supplied with a 430-type stainless steel under-shelf
